MEETING DETAILS

DATE:	13/08/2018
TIME:	18:00 - 19:00
VENUE:	Online meeting via Slack
ATTENDEES:	Xin Xie
	Moonyoung Jung
	Matthew Hezel
	Jimin Ahn
	Morgan Sylven

AGENDA

- **DONE:**

- Discussed about a feedback for week 3 submission from the client.
- Discussed about a new project topic.
- Checked the use case diagram if it is fine.
- Discussed about system requirements and design.
 - Register process - What should we include for register? Gender, email and age. Prefer to make it not too complicated.
 - Choose the gender that users want to match with.
 - Maybe location info.
 - Registration have Name, Age, Email, Password then everything else gets added to profile after registration is complete.
 - Verification using email or SMS.
- Divided the individual part for each person.

- **TO DO:**

- Moon: Work on a wireframe, documenting meeting minutes and work on coding for general layout of the webpage if the time allowed.
- Xin: Will try to running the reference sources and analysis it and add or change to fit our requirements.
- Morgan: Work on new versions of the diagrams that I was working on last week, also have a look at the reference sources too.
- Matt: Start on the sql database.
- Jimin: Update PBI and have a look at for code.
